Goin' Old School...

Once again the yearbook staff has carefully thought of a unique theme to this years Miskodeed. The staff wanted to make the yearbook themed around something special that would make it different from any ordinary yearbook. The idea of "Goin' Old School" was created to give the yearbook a feel for past years throughout MHS and the generations surrounding it. We can get a look of the past and compare it to today.

Industrial Technology is a great experience for people who enjoy math and hands on learning. Students are able to get involved in making and testing cars that they have made. These types of classes involve students working together in order to get things accomplished. Students learn how to make gumball machines, picture frames, and jewlery boxes. Technology classes are a great way to get away from the studies of everyday classes.

About the department...

Students of the Mishawaka High School Building Trades program have a huge task to accomplish: to build a house from the ground up. Building Trades is a completely hands on class. Students do everything themselves with the guidance of their teacher, Mr. Dave Chimel. Mr. Chimel has been teaching the class for seventeen years. He teaches students skills and techniques for possible future jobs in the construction industry.

Mr. Breske is the Student Council Supervisor. He meets with the officers every Monday morning before school. Without him, many of the activities students love here at MHS would not be possible.

The new officers attend a morning meeting to learn about their duties for the following year. Allison Gleissner will serve as President, Gianna Wright as Vice President, Jessica Curtis as Secretary, and Matthew Layman as Treasurer.

The Student Council Officers take time to pose for a picture during one of their meetings with Mr. Breske.

Each year, Student Council organizes many activities. Some of these include fall and winter homecoming, Battle of the Bands, and Class Olympics.

Saying Goodbye

MHS Says A Fond Farewell to Three Invaluable Members of the Faculty.

Michael Kitkowski ended a thirty-seven year teaching career on June 1, 2007. He decided to retire because as he stated, "I may be young at heart, but I have too many gray hairs."

His plans for retirement include traveling with his wife, visiting his daughter, scuba-diving with his son, playing games with his grandchildren, and taking a lot of photographs.

When asked about his favorite memory of teaching at MHS, it was hard for him to pick just one. He enjoyed all the art on display at May Fest, The living pictures at vespers, and the students performing. His least favorite memories are breaking up fights.

When asked what he will miss about teaching, he said with a smile, "I will miss all the great young artists." I know many young artists will miss him as well.

Terry (Nelson) Snell ended a Thirty-Four year teaching career on July 20, 2007. After graduating from Southern Illinois University in 1973 witha Bachelor of Science in the School of Education, she accepted a position in a small rural school district outside of St. Louis. After five years, she moved to Indiana where she received a masters in Science Education and began teaching at Beiger and Young before accepting a position at MHS. She taught English, Journalism, News Photography, Mass Media, Tech Prep Communications, and Creative Writing. She also advised the Yearbook and Newspaper for most of these years.

She was very active in news media conferences, attending Ball State workshops with her Yearbook and Newspaper students. Most of her yearbooks and editors won awards for news writing, layout, and design. She led the Quill and Scroll Journalism Honorary Society, developed new course offerings, advised the Browse Literary Magazine, and taught summer school. She traveled the state, giving workshops on communications curriculum and spoke at publications conventions.

She said, "I was lucky to have been in a profession all these years that I have enjoyed and got paid for at the same time. I had seven dollars in my checking account when I signed my first contract. I never took time off in the summer as I was either taking classes or teaching or working a part-time job. I never forgot having only seven dollars so I always worked when I could." Now she will have time to catch up on all those last summers.

Graduating is a bittersweet time. You are starting a new branch of your life, but you are leaving behind the old memories, friends, and places. You know that you must move on, but you wish you could stay exactly where you are right now.

Don't ever forget the friends you made, but be willing and open to making new friends. Take plenty of pictures so you don't forget a single moment. Step outside your comfort zone once in awhile just to see if you can. Today is where your book begins. The rest is still unwritten.

we pause to reflect upon the many memories.
We came to this place together,
to learn, to grow, to share.
Time and space may separate us,

we'll always be the class of 2007."

Dear Elyse,
I have loved watching you go through life
As only a child can...
Laughing, crying, so sure of yourself,
And at the same time, so often full of doubts.
My heart broke for you when life was unfair,
I would have shielded you from pain and heartache
If you had let me.
I wanted to protect you, but you needed to grow into
your own person, so I had to let go of you -
a little at a time.
That was one of the hardest things I've ever had to do.
Your childhood is gone now,
And I still miss those wonderful times, but I am so
Proud of the young woman you have become.
I love you, and whatever paths in life you may choose to embrace,
My love will be with you...
And I will cherish you always.

"I beg you... to have patience with everything unresolved in your heart and try to love the questions themselves as if they were locked rooms or books written in a very foreign language. Don't search for the answers, which could not be given to you now, because you would not be able to live them. And the point is, to live everything. Live the questions now. Perhaps then, someday far in the future, you will gradually, without even noticing it, live your way into the answer..."

I Wish

By Wendy Silva

You came into this world with child innocence
as your guide,
but you knew it wouldn't last.
Before my eyes you had grown and I found
myself reflecting on memories of the past.

I wish that I could hold you in my arms
forever and wash away your fears.
Give you a world of peace and happiness
where no one sheds their tears.

I wish that I could bring you a rainbow from
the sky so you could find your path to gold.
Give you someone special to share your life,
a person to hold.

I wish that I could hold your hand through
every trial and hardship that comes your way.
Bust most of all, I wish to give you faith,
so that in God's hands your heart will always
stay.

We love you,
Mom, Dad, and Beth

Jim,
We watched you grow up and work so hard at everything you have done. We are so proud of you!! You have brought so much happiness to our lives. Jim, you have such great qualities. You have accomplished so much already, but keep working hard so you can become the best you can be. Good luck with college! Remember we will always love you and be there for you.

To Rebecca, My Sunshine girl,

You are the most precious gift I have ever been given in this life. From the first moment I laid eyes on you, touched you, and held you, my world changed.You brought a special light of hope, laughter, and love that only a daughter can bring, and you shared it with me. I am so proud of you. Everything you have done, everything you do, and your spirit to do more. You amaze me with your talent, your inner strength to succeed, and your ability to always try new things. You are my little girl, my very special daughter, and my best friend. I can't imagine life without you, and yet I must let you go. You have many more accomplishments to make, many new things to try, and your dreams to follow and catch. I wished for a daughter and I got you, my whole world, my sunshine girl.

May you always be safe, healthy, and happy wherever you go, and whatever you do. Take my heart with you and know that my hand is always there for you if you need it, and my love will never die.

You have a bright future sweetie, run with it...and enjoy.

AND THE CROWD GOES WILD!

Colophon

Volume 93 of the Mishawaka High School Miskodeed was sponsored by the English Department for one elective credit each semester. The Miskodeed was supported through book and advertising sales. Books were sold in a variety of ways this year. The books were sold at the school through a school-wide campaign for people to purchase with cash or check. The books were also sold through Jostens, the publishing company, at their website www.jostens.com for purchase with credit card or debit card. This offered parents/students an option of purchasing the yearbook in a convenient way through the Internet. It was a definite success.

Jostens Publishing Company based in Clarksville, TN lithographed the book. Phillip Page was the local representative. Studio One Photography studio base in South Bend, IN took the undergrad and senior photos, sports candids, event candids, and the group candids. Jim Parker was the representative for Studio One. Other candids were taken by the yearbook staff. Members of the student body also contributed photos to add to the book. Mr. Ryan Sergeant created the art for the cover of the book. The yearbook was created entirely online through Jostens Yearbook Avenue.

We would like to thank our advisor Ms. Angela Stillson for supplying us with motivation (in the form of food). She worked hard and went above and beyond the call of duty. For those and many other reasons, we say thank you and good luck as you move on from being the advisor of the yearbook.
